

Press release 13.02.2014

Viking Line first in Finland and the Baltic Sea to offer Victoria's Secret Beauty

One of the world's most famous women's brands has arrived to the Baltic Sea. Viking Line has recently introduced beauty products from Victoria's Secret Beauty to passengers on board all its ferries. Victoria's Secret products haven't until now been available for consumers in physical stores in Finland and the Baltic Sea.

The new products were introduced in Viking Lines shops last weekend. U.S based Victoria's Secret is the leading provider of lingerie and beauty products for women.

- Victoria's Secret is one of the most coveted trademarks in the world. Demand has been strong amongst our passengers, especially younger women. Therefore we are particularly pleased and proud to be the first in Finland and the Baltic Sea to offer a broad collection of products from Victoria's Secret Beauty, says Eva Rehnström, Purchasing and Category Manager, Beauty & Fashion, at Viking Line.

The on board collection consists of more than 50 different products, such as fragrances, body mists and body lotions. The product range may vary between the vessels.

The collection offers, for example, the award winning fragrance Victoria's Secret Bombshell, popular favourites Tease and VS Fantasies, newly launched collections like Seduction as well as several body care products.

The introduction of Victoria's Secret Beauty products in Finland and the Baltic Sea is a partnership between Viking Line and retail company Agora Trading.
