SECOND DRIVERS

As summer approaches we want to remind you that all drivers and second drivers (as well as children) must be booked in advance. We ask you to remind your drivers of this because we cannot guarantee a cabin berth to drivers who are not booked in advance. Tickets for accompanying passengers are booked through the passenger booking service.

VEHICLE HEIGHT AND MIRRORS ON CAR DECK

Vehicle height, in addition to weight and length, is relevant booking information. We kindly ask that you inform us in your vehicle booking if the unit's height exceeds **4,20m**. In addition, we wish to inform you that vehicle mirrors must on request be folded in on the car deck (unit width may not exceed 2,60m, unless the unit is booked as overwide in advance).
