An announcement from the Port of Helsinki

*TO BE TAKEN INTO CONSIDERATION REGARDING THE PRICING OF HEAVY TRAFFIC  
AND FREIGHT UNITS IN HELSINKI PASSENGER HARBOURS*

*The Port of Helsinki charges as of 1.3.2015 a fee of 12,80 € for empty freight units (lorries, trailers). The fee applies to units in both import and export traffic. The fee is unit-specific and is therefore charged for each unit without cargo.*

*Since the 1 January 2015 the fee for storage of units on the port area in the down town & central passenger harbours (Katajanokka, South Harbour and West Harbour) has been adjusted as follows:*

*1-3 days 6 €/TEU/day*

*1-6 days (and more) 9 €/TEU/day*

*The storage/preservation fee is not charged if the freight unit is transported outside the harbour during the same day that it has arrived to the port by ship, or if it is shipped the same day as it is brought to the harbour.*

*Furthermore, the Port of Helsinki Oy has decided to make moderate price adjustments or to keep rates unchanged for 2015. Prices can be found in a whole at [www.portofhelsinki.fi](http://www.portofhelsinki.fi).*
