Contact information updates

Our freight booking offices in Turku and Tallinn are pleased to help you with all your booking related queries.

The new e-mail address for the Turku freight booking office (serving customers from Finland, Sweden, Denmark and Norway) is cargo.booking@vikingline.com. Bookings by phone: +358 2 333 1446.

The Tallinn freight booking office (Balticum, rest of Europe) serves you by e-mail at cargo.booking.est@vikingline.com and by phone on +372 666 3985.

Sporty days ahead for drivers!

The drivers' lounges onboard M/S Viking Grace and M/S Amorella are now equipped with sports channels. Why not sit down, sip a cup of fresh coffee and read through the newest *Ajolinja* and *Auto, tekniikka ja kuljetus* -magazines when traveling on the Turku-Stockholm -route?

Improvements made to our vessels

M/S Viking XPRS got a new fresher look during its docking in January. Drivers will surely be delighted by the renovated buffet restaurant that is now more functional and comfortable than before.

The most significant reform is thus installed below the water surface. The vessel now has a new model of propellers, which allows it to use two main engines, instead of three, when operating during normal weather conditions. This reduces fuel consumption and emissions significantly.

M/S Viking Cinderella also has now a new, fresh interior as a result of its docking.
