Rosella pays a visit on the Helsinki–Tallinn route

MS Viking XPRS will be in dock 16.1.-30.1.2017. Traffic on the Helsinki-Tallinn -route will continue as MS Rosella arrives to fill in during the docking.

The capacity of Rosella is smaller than on XPRS so we have a limited number of places to offer and trailers cannot be transported. We apologize for any inconvenience this may cause.

Please note the changes to the timetable during the docking.

Kapellskär has undergone great changes

After almost two and a half years of construction work, the renewed harbor area will be inaugurated during the spring 2017. The changes are expected to bring efficiency to the loading and unloading of vessels.

As part of the changes our freight check-in has moved to a new location. The freight check-in is now located on the third floor of the terminal, next to the passenger check-in.
