## News in May

We are happy to announce that we have strengthened our team with two new appointments. Pia Airas has started as a freight booker in Turku on April 24, 2017. Miriam Nieminen has been appointed as a summer assistant in Turku from May 8, 2017 onwards.

The recruitment process for finding a new Sales Manager is also going well and we hope to be able to announce the name of the person in the near future.

## Weekend departures in Tallinn

On Saturdays and Sundays, outside of the opening hours of the freight booking office in Tallinn, the check-in will answer all the queries and changes concerning the weekend departures by e-mail.
