

VIKING LINE CARGO

16.6.2017

Summer check-list

Arrival at the port

As traffic intensifies during the summer, it is extremely important for all cargo units to arrive at the port at least one hour before the ship's scheduled departure time.

Vehicle dimensions

In order to ensure safe loading, smooth check-in and accurate billing, we kindly ask you to inform us of your vehicle's height, length and weight when booking a trip. Units with a width exceeding 2.60m must be booked as overwide in advance. In addition, please note that vehicle mirrors must, on request, be folded back on the car deck.

Second driver for units

All drivers, including second ones, must be booked in advance.

Drivers' lounge on board M/S Amorella

Drivers' lounge has now moved back to the deck 7. Come and enjoy a refreshing cup of coffee!
