Traffic bulletin | Transporting cargo during the strike against the Finnish Post

The sympathy strike broke out on Monday and it will expand on Thursday November 21 at 6 a.m. if the parties don't reach an agreement before that. In that case, we will take freight onboard in Sweden but we are not able to load the Finnish-flagged vessels in Finland.

Viking XPRS will transport cargo normally on the route Helsinki-Tallinn during the sympathy strike.

If there won't be any solution on strike before Monday, 25 November at 6 a.m, the strike will expand:

Stockholm-Helsinki:

the last departure of M/S Mariella from Stockholm on November 24 at 16:30

the last departure of M/S Gabriella from Stockholm on November 25 at 16:30
