## Viking Line Cargo information

### FACE MASK REQUIREMENT

Viking Line requires, that all passengers (including truck drivers) over age of 12 years old wear a face mask in the ship's public areas.

The requirement does not apply to people with health reasons that prevent the use of face masks.

The requirement applies to all situations except for the consumption of meals.

We recommend our passengers to bring their own face masks on the trip.

In addition to the requirement of wearing a face mask, we also urge you to keep a safe distance and follow good hand and cough hygiene.

The requirement also applies in the Cargo check-in areas, in the terminals' public spaces as well as when boarding and disembarking the ship.

We kindly ask you to inform your truck drivers of this requirement.

Stay Safe!
