### Every day departure on Helsinki-Mariehamn-Stockholm-route

Viking Line has started the preparations to increase the capacity on Helsinki-Mariehamn-Stockholm -route from the 1<sup>st</sup> of April in 2022. Viking Amorella -vessel is planned to start to operate on the route, making it possible to offer again the everyday service with two vessels when Viking Gabriella is planned to operate on the route.

Viking Amorella is currently operating on the Turku-Åland-Stockholm -route but will be replaced on the route by Viking Glory, the newbuilt vessel starting its traffic on the 1<sup>st</sup> of March 2022, giving a much-needed increase in the freight capacity on the route.
