

Press release

INTERIM REPORT FOR THE PERIOD JANUARY – SEPTEMBER 2012

VIKING LINE'S SALES INCREASED SOMEWHAT BUT FUEL EXPENSES LOWERED ITS EARNINGS

Consolidated sales of the Viking Line Group during the third quarter, July 1 – September 30, 2012, increased by 3.4 per cent to 156.4 million euros compared to the corresponding quarter of 2011 (EUR 151.2 M). Passenger-related revenue increased by 3.9 per cent to EUR 147.8 M (142.2) and cargo revenue by 1.0 per cent to EUR 7.7 M (7.6). Income after taxes during the third quarter of 2012 amounted to EUR 15.8 M (17.0). Fuel expenses rose by 9.5 per cent to EUR 17.2 M (15.7).

During the full report period January 1 – September 30, 2012, consolidated sales of the Viking Line Group increased by 1.8 per cent to EUR 389.5 M (EUR 382.7 M during January 1 – September 30, 2011). Passenger-related revenue increased by 1.6 per cent to EUR 361.1 M (355.4). Cargo revenue rose by 7.3 per cent to EUR 25.8 M (24.0). Income after taxes during the full report period amounted to EUR 1.7 M (6.3). The main reason for the decrease in earnings was higher fuel expenses, totalling EUR 50.9 M (46.4).

PASSENGER VOLUME AND MARKET SHARE

The number of passengers on Viking Line's vessels amounted to 4,854,325 (4,860,792). The Group thus had a total market share in its service area of 33.6 per cent (33.8 per cent). Viking Line's cargo volume amounted to 88,488 cargo units (84,468). Viking Line achieved a cargo market share of 20.0 per cent (19.5 per cent).

HEAVY MARKET INTEREST IN THE VIKING GRACE

The construction of the Viking Grace has proceeded as planned. Delivery from the STX Finland shipyard in Turku is planned for January 10, 2013. There has been very heavy interest in the vessel. So far, the Viking Grace has more than 200,000 pre-booked journeys. The vessel's unique maiden voyage sold out in a few hours. The Viking Grace is a concrete expression of Viking Line's belief in future passenger traffic featuring good on-board service, new on-board concepts as well as a unique environmentally friendly hull shape and drive concept. The vessel will be fuelled by natural gas (NG) and will replace the Isabella on the Turku (Finland)–Mariehamn/Långnäs (Åland Islands, Finland)– Stockholm (Sweden) route in January 2013.

Any questions concerning this report will be answered by Mikael Backman, President and Chief Executive Officer. Tel: +358 18 270 00

Viking Line is a public limited company and the market leading brand in passenger traffic on the northern Baltic Sea, with a mission to provide large-scale, affordable, safe passenger and cargo carrier services including first-class recreation, good food and attractive shopping. Its shares have been listed on the NASDAQ OMX Nordic Exchange Helsinki since 1995. Viking Line serves Finland, Sweden and the Baltic countries with seven vessels. During the financial year 2011 sales were about EUR 504 M. The number of passengers totalled 6.4 million. The average number of employees was 3,060.

SALES AND EARNINGS

Consolidated sales of the Viking Line Group during the third quarter, July 1 – September 30, 2012, increased by 3.4 per cent to 156.4 million euros compared to the corresponding quarter of 2011 (EUR 151.2 M). Operating income during the quarter amounted to EUR 21.0 M (23.5). Income after taxes during the third quarter of 2012 amounted to EUR 15.8 M (17.0).

During the third quarter, passenger-related revenue increased by 3.9 per cent to EUR 147.8 M (142.2) and cargo revenue rose by 1.0 per cent to EUR 7.7 M (7.6). Total operating expenses rose by 5.7 per cent to EUR 135.5 M (128.2). Of this amount, fuel expenses rose by 9.5 per cent to EUR 17.2 M (15.7).

During the full report period January 1 – September 30, 2012, consolidated sales of the Viking Line Group increased to EUR 389.5 M (382.7). Operating income amounted to EUR 3.2 M (10.1). Net financial items totalled EUR -0.7 M (-1.5). Consolidated income before taxes totalled EUR 2.5 M (8.6). Income after taxes amounted to EUR 1.7 M (6.3).

During the full report period, passenger-related revenue increased by 1.6 per cent to EUR 361.1 M (355.4). Cargo revenue rose by 7.3 per cent to EUR 25.8 M (24.0). Net sales revenue increased by 0.7 per cent to EUR 278.1 M (276.2). The Group's operating expenses increased by a total of 2.6 per cent to EUR 275.2 M (268.3). Of this amount, fuel expenses rose by 9.9 per cent to EUR 50.9 M (46.4), due to higher fuel prices, which were also the main reason for the decrease in earnings.

The strengthening of the Swedish krona, which is fundamentally favourable to Viking Line, has also contributed to a heightened cost situation in the Group.

The financial statements for the full financial year 2012 are expected to show negative earnings, as previously announced.

SERVICES AND MARKET TRENDS

The Viking Line Group provides passenger and cargo carrier services using seven vessels on the northern Baltic Sea. The Group served the same routes as during 2011.

During the report period, the number of passengers amounted to 4,854,325 (4,860,792). Volume increases were achieved on the Helsinki (Finland)–Tallinn (Estonia) route and on the short route over the Sea of Åland. On the other routes, passenger volume decreased slightly. Viking Line's cargo volume amounted to 88,488 cargo units (84,468). Viking Line achieved a cargo market share of 20.0 per cent (19.5 per cent).

During the report period, Viking Line strengthened its market share on the short route over the Sea of Åland by 2.1 percentage points to 44.7 per cent due to a larger number of days in service. The market share increased also on the Turku (Finland)–Mariehamn/Långnäs (Åland Islands, Finland)–Stockholm (Sweden) route by 0.6 percentage points to 50.0 per cent. On the Helsinki–Tallinn route, market share was at the year-earlier level, 24.1 per cent. Market share decreased on the Helsinki–Mariehamn–Stockholm route by 0.2 percentage points to 45.1 per cent. In cruise services between Stockholm and Mariehamn, Viking Line's market share decreased by 1.6 percentage points to 50.3 per cent due to a smaller number of days in service. The Group thus had a total market share in its service area of 33.6 per cent (33.8 per cent).

INVESTMENTS AND FINANCING

The construction of the Viking Grace at the STX Finland Oy shipyard in Turku has proceeded as planned. The vessel was launched on August 10, 2012 and delivery is planned on January 10, 2013. The environmental grant of EUR 28 M that was approved by the Finnish Ministry of Transport and Communications was approved by the European Commission on April 25, 2012. The net investment in the vessel after the environmental grant, about EUR 225 M, is being financed mainly through a long-term loan of EUR 185.0 M from Finnish Export Credit Ltd. The loan will be taken out upon delivery of the vessel.

The Group's investments totalled EUR 39.9 M (21.7), of which EUR 30.1 M was related to the Viking Grace.

On September 30, 2012 the Group's non-current interest-bearing liabilities amounted to EUR 77.4 M (85.6). The equity/assets ratio was 45.7 per cent, compared to 45.3 per cent a year earlier.

At the end of September 2012, the Group's cash and cash equivalents amounted to EUR 41.8 M (39.8). Net cash flow from operating activities amounted to EUR 15.4 M (14.8).

FINANCIAL REPORTING

This Interim Report was prepared in compliance with International Financial Reporting Standards (IFRSs) and was drawn up as a summary of the financial statements for the period in compliance with IAS 34. Estimates and judgments as well as accounting principles and calculation methods are the same as in the latest annual financial statements. Recognized income taxes are based on an estimated average tax rate, which is expected to apply throughout the financial year. This Interim Report is unaudited.

ORGANIZATION AND PERSONNEL

The average number of Group employees was 3,048 (3,099), of whom 1,860 (1,898) worked for the parent company. Land-based personnel totalled 725 (765) and shipboard personnel totalled 2,323 (2,334). On November 5, 2012, Janusz Grabowski assumed the position of Vice President and Head of Shipboard Commercial Operations. He is a member of Group Management.

RISK FACTORS

Special risks during the immediate future mainly concern bunker (vessel fuel) prices, but the poorer economic situation in the Group's surroundings will also adversely affect its business.

OUTLOOK FOR THE FULL 2012 FINANCIAL YEAR

Competition in Viking Line's service area remains tough and implies continued pressure on prices.

Full-year passenger and cargo volume are projected to reach last year's level. Fuel prices have varied during the year. Overall fuel expenses are expected to be substantially higher than last year. Viking Line's net sales revenue has not increased enough in relation to the prevailing cost trend. In light of the above, the financial statements for the full financial year 2012 are expected to show negative earnings, as previously announced. Because of this, a number of measures have been undertaken to improve earnings, both in the short term and in the long term. The positive impact of these measures on earnings will occur mainly during 2013.

The Year-end Report for the financial year 2012 will be published on February 14, 2013.

Mariehamn, Åland, November 14, 2012
