Shopping & Relaxation

Shopping World (DECK 9)

Viking Glory's large, unique Shopping World offers a wide range of products, from quality wines to cosmetics, clothing, and jewellery. Save up to 40% compared to recommended prices ashore!

Archipelago Spa & Wellness (DECK 11)

Here you will find several pools, saunas, a snow cave, a spa shop, a separate gym, a yoga room with virtual exercise sessions and high-class BABOR treatments. The view of the archipelago is magnificent.

Climate Smart

Viking Glory is one of the most climate smart ships in the world and when planning Viking Glory, efficiency, environmental requirements, and the future were taken into account in a completely new way.

Did you know that ...

- The ship's engines can be powered by completely sulphur-free liquefied natural gas.
- The engines' waste heat is converted to electricity
- The Azipod rudder-propeller system makes it easier to turn in the harbour.
- Waste cooling can be used for cooling the cold rooms
- The ship has a dynamic system for air conditioning and lighting
- We invest heavily into recycling on board
